A Brief Story About The Company

ABOUT US

Sri Velavar Textiles is a vertically-focused knitted garment manufacturer based in Ganapathipalayam, Tirupur — the knitwear capital of India. Led by a team of seasoned professionals, we produce comfortable, durable and beautifully finished apparel for domestic and international brands.

Quality products and buyer satisfaction remain our core objectives. Through planned infrastructure, competent management and perfected organisational collaboration, we preserve our customers' continued patronage.

VISION

To become the knitwear partner of choice for global brands seeking reliability, design flexibility and sustainable production rooted in South India's textile heritage.

MISSION

To deliver consistently superior knitted garments that exceed buyer expectations through ethical manufacturing, skilled craft and seamless supply-chain execution from Tirupur to the world.

MISSION

WHAT DRIVES EVERY STITCH AT VELAVAR

- End-to-end garment supply chain within 30 km radius
- Deep pool of trained cutters, machinists and checkers
- Export-friendly ports, roads and air-freight access
- Culture of craftsmanship passed down through generations

PRODUCT RANGES

Tirupur's ecosystem gives us access to skilled labour, specialised knitting mills, dye houses, accessory suppliers and logistics networks — all within a few kilometres. This proximity shortens lead times, lowers costs and lets us respond quickly to seasonal demand.

Men's Wear

Women's Wear

Kid's Wear

Infant's Wear

"Knitwear for every wearer — men, women, children & kids"

Full range of essentials and fancy knits — engineered for softness, colour-fastness and long life.

INFRASTRUCTURE & ADVANCED FACILITIES

From fabric intake to final pack, every station is planned for consistency and speed — with the right people and the right machinery at each step.

CUTTING

Band Knife Cutting machine used to cutt sharp edges for baby wears and kids wears. 7 cutting tables, 3 straight knives and 1 band knife

SEWING

As a safety standard we are following necessary covid 19 precautions.. 21 overlock, 11 flatlock and 25 lock-stitch machines

CHECKING

Checking is to trim all extra threads and also checks for stains and holes. All garments are 100% checked before packing.

IRONING

Automated ironing lines work in tandem to ensure smooth ironing of all the products. This line also serves as a final quality

PACKING

We buy our packing materials from leading suppliers and professional providers. We use Oeko Tex certified labels

NEEDLE DETECTOR

A Needle Detector Machine is an essential safety and quality-control equipment used in the apparel industry to detect broken needle pieces

QUALITY ASSURANCE

Quality is not a stage — it is the whole floor.

Buyer satisfaction is our foremost objective. A layered inspection system, trained supervisors and Sedex-audited processes protect every carton that leaves our facility.

"Your brand standards,
protected at every step"

- **Metal Detection Check**

  Every consignment scanned before dispatch to guarantee needle-free garments.

- **AQL Level Check**

  Statistical acceptable-quality-level sampling on finished pieces, batch by batch.

- **Inspection In All Stages**

  Cutting, in-line, end-of-line and pre-final audits — no defect passes unchecked.

- **Sedex-Audited Ethics**

  Certificate No. ZAA600170043 — worker welfare and workplace integrity verified.

- **Sedex Certification**

  ZAA600170043

SOCIAL RESPONSIBILITY

Safety Cutting Gloves

Fire Extinguisher

Sedex Certification
